

aye. All those opposed vote no. We need 25 votes to bring 280A back. We have an oversight here. Senator Carpenter's asking to add the Emergency Clause to 280A. That does require a machine vote and 25 votes. One more please. Thank you. Clerk will record.

CLERK: 26 ayes to return, Mr. President.

PRESIDENT: Very good. 280A is now on select file again. Senator Carpenter.

SENATOR CARPENTER: I move the adoption of the amendment, the reason being that this has to do with the State Auditor, whose duties have been expanded and the additional sum of money apparently will be appropriated to him. If we wait until we adjourn sine die and 90 days after that will be sometime in September or approximate that date. I, I believe there are reasons why if we're going to pass the bill, we ought to put the emergency clause on it because he'll have broad, wide authority beyond that which he is accustomed to and I can conceive of certain circumstances where he might want to start exercising authority and apparently we're going to give it to him. I move the amendment be adopted.

PRESIDENT: Motion is to adopt the E clause to 280A on select file. All those in favor of the motion please vote aye. All those opposed vote no. We're voting to add the E clause to 280A on select file. Right. Adding the E clause to 280A. Thank you. Clerk will record.

CLERK: 26 ayes, no nays, 23 not voting on motion to adopt.

PRESIDENT: E clause is added. Now, we'll move 280A on.

SENATOR CAVANAUGH: Mr. President, I move LB 280A as amended be advanced to E&R for Engrossing.

PRESIDENT: Motion now is to advance LB 280A as amended. All those in favor of advancing the bill, please say aye. All those opposed say no. It is so ordered, the bill as amended is re-advanced.

SENATOR CAVANAUGH: Mr. President, I move LB 235A, I move the adoption of the amendments to LB 235A.

PRESIDENT: Stand by just a minute here. I'm not sure whether we advanced 254A or not. I think we had amendments to it but I'm not sure. Where were we on that one? Mr. Clerk, do we have a record of advancing 254?

CLERK: Yes.

PRESIDENT: Question is shall LB 254A be advanced? All those in favor of the motion--we have adopted it? 254A is advanced. Back to you, Senator Cavanaugh.

SENATOR CAVANAUGH: I move the adoption of the E&R amendments to LB 235A.

PRESIDENT: Motion is now to advance--to adopt the amendments to 235. All those in favor of the adoption of the amendments, please say aye. Those opposed say no. Amendments are adopted. Now, Senator Carpenter?

SENATOR CARPENTER: (mike off)--Senator Marvel's question, I would think that the body should listen to what his answers might be relative to 235A because I think they're quite important. As Senator Marvel--last week we had Mr. McManus who was here from Kansas City and as a result of a meeting that you and I had with him, he agreed to send you a letter which would outline
